

SAM CHEDGZOY

Former Everton & England Right - Winger

Dedicated to a Player who left his Indelible Mark ON & OFF the Field

Such a Studious Winger, who checked every Soccer Rule and Trick.
A loophole in the Football Laws he found, to exploit the Corner Kick.
Mischievously, he dribbled the ball from the Corner Flag and Scored,
Embarrassed League Officials met, to Amend this defect in the Law.
Corner-Kickers since, shall play the ball, but must NOT touch it twice.
He had stamped a Permanent Mark on Football, not bad at any price.
Everton used his Creative Skills, in Three Hundred Games he played.
Delivering crosses to his Teamates, a scoring touch was often made.
Gained himself Eight England Caps, helped Everton win the League.
Zig-Zagging past Opposing Full-Backs, left bewildered and fatigued.
Outside-Right, this Special Player, who Bues Fans should celebrate.
Yesterday He made Headline News, still remains an 'All Time Great'.
